Hello,

Please see below the information concerning the distribution of shrubs and trees that is offered by the municipality of Austin.

We invite you to take advantage of this offer, given the importance of preserving the shoreline of the lake and maintaining water quality.

Shrub and Tree Distribution

Friday 19 May 2023

Saturday 20 May 2023

Again this year, the Municipality is offering free shrubs to replant the riparian zone. Since 2007, more than 78,000 shrubs have been distributed in the Memphremagog MRC!

When? Friday, May 19 between 1:30 and 4:30 p.m. and Saturday, May 20 between 9 a.m. and noon.

Where? At Town Hall (21 Millington Rd.) in the back

This year, two tree species suited to the riparian zone are also proposed to complement the shrubs on offer as an optimal riparian zone contains all three stratas of vegetation (grasses, shrubs and trees).

The deadline for submitting your order is Monday, May 1, 2023
